ATTENDANCE REQUIREMENTS

Students are required to attend all scheduled classes. It is assumed that college-level students will fulfill their responsibility by attending all of the classes and contributing ideas.

The minimum attendance required for all students is 80% of all classes offered. This does NOT mean that students should attend the minimum; monthly evaluations of attendance are taken into account. It also means that when employers make inquiries about students, those who attend the minimum required will be considered to have poor attendance habits.

REF: Veterans Administration (VA) Attendance Policy page 17.

GRADUATION AND PROGRAM REQUIREMENTS

To be eligible for graduation, the student must successfully complete:

1. 1500 clock hours;
2. State Board requirements;
3. Satisfactory academic requirements;

Any hours accumulated and paid for will be honored for a period, any remaining hours will be charged at the current tuition rate. Each student will be charged a \$400.00 reentry fee.

EVALUATION AND COUNSELING

Individual counseling and evaluations are given three times during the 1500-hour course. Also, additional counseling is available for students needing assistance in other areas, such as career, housing, person, etc.

Treatment of Repeated Courses, Pass/Fail Courses, Incompletes, Withdrawals and Absences

Repeated Course

A course may not be repeated more than once without approval of the Director. The approval must be based on unusual and documented mitigating circumstances such as hospitalization of more than five (5) consecutive days or ambulatory surgical procedures that warrants bed rest for 10 days as directed by the hospital or primary care physician. Repeated course grades and times are to be included in the qualitative and quantitative calculation.

Incompletes/Grade Change

Incomplete grades will convert to an "F" if the work is not completed within 5 weeks and will impact the student's cumulative GPA, timeframe and incremental completion rate. A withdrawal or repetition will be counted in the calculation of the timeframe and incremental completion rates.

Withdrawals

A student who wishes to withdraw from school for compelling personal reasons should notify the School Director in writing stating the reasons for withdrawal and whether or not the student intends to return at a later date to pursue a program of study. Students who fail to complete the program will be charged the applicable fees and portion of the tuition cost. The Enrollment Agreement is a legally binding document and the terms therein must be adhered to by the student. If a student discontinues a program at any point, a charge will be assessed for tuition including the above fees. If at any time a student desires to know his/her financial obligations- in the event he/she should discontinue school, they should make an appointment with the School Director.

When a student withdraws, a final transcript will be prepared that will include all grades to include passing and failing grades as well as hours accumulate at the school. Failure to complete classes does not release a student from liability toward repayment of student loans obtained to attend school.

A student will be deemed withdrawn/passing in their cumulative GPA 80% or above. A student will be deemed withdrawn/failing if their cumulative GPA is below 80%.

Noncredit and Remedial Courses

PWHS does not offer non-credit or remedial courses.

Transfer Hours

Hours accepted by PWHS to count toward completion of program will be recognized as both scheduled hours and completed hours and the review process will be implemented at the remaining time frames. The student will have 125% of time remaining to complete the program taking into consideration the transferred hours.

Appeals Process

Appeals for re-establishing eligibility may be based on circumstances that prohibited the student from meeting SAP standards during the probationary period. Extenuating circumstances must be supported by official documents. Examples of extenuating circumstances:

- Death of an immediate family member
- Documented illness
- Major accident or injury (self, child, spouse or parent)
- Victim of a crime or unexpected disaster

Students must complete and submit a PWHS Academic Progress Appeal Request form along with official documentation, student's statement and a current educational plan. Incomplete forms will be returned to the student.

The Financial Aid Appeals Committee will review requests and take one of four actions:

- Approve reinstatement unconditionally
- Approve reinstatement with specific conditions
- Request that the student provide additional information
- Deny the appeal

Retaining Eligibility and Student Responsibilities

It is the responsibility of the student to approach the Director of the school and determine what may be done to clear the probation. If there is corrective action available to the student that will clear the probation, it is the sole responsibility of the student to complete the action.

As per section 668.16(e)(6) of the HEA 1965, a student not making SAP may reestablished eligibility on his/her own either because an appeal was denied or because he/she did not submit an appeal.

A student can re-establish eligibility if they increase their cumulative GPA to 80% before or during the Title IV aid period or begin attending at a rate of 80% or above of scheduled hours. The student will then resume receiving aid for the current aid period.

Satisfactory Academic Progress (SAP) Policy

Pro Way Hair School students must maintain what is termed “satisfactory academic progress” (SAP) always. The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at Pro Way Hair School. It is printed in our catalogue to ensure all students receive a copy prior to enrollment. The policy complies with the guidelines established by The Council of Occupational Education (COE) and the federal regulations established by the United States Department of Education.

MINIMUM STANDARDS

Pro Way Hair School’s SAP policy requires that every student maintain a grade point average of at least 80% and attends at least 80% of scheduled classes. The grade average standard ensures that every student is grasping the material intellectually to prepare them for success upon graduation. The attendance average standards ensure the student is present to get the information and knowledge he or she needs to succeed. It also makes certain that a student completes our program in the allotted time. A student is expected to successfully complete all hours of a program within 1.25 times the scheduled, contracted time frame. A student may not receive Title IV funds for more than 1.25 times (125% of) the standard program length.

GRADE AVERAGE

The qualitative academic average is considered against norms of grading as utilized nationally in higher education. Tools used to establish the academic average of a student include tests, essays, projects, study guides, workbooks and other standard assessment tools. Students are assigned academic learning and a minimum required number of practical applications. Academic learning is evaluated after each chapter or unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. Students must maintain a written grade average of 80% and pass a final written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

Letter Grade	Numerical Grade
A (Excellent)	94-100
B (Good)	87-93
C (Average)	80-86
F (Failure)	Below 80

ATTENDANCE AVERAGE

The attendance percentage is determined by dividing the total hours accrued in the period (monthly or benchmark) by the total number of hours scheduled during that period. At the end of each evaluation period, Pro Way Hair School will determine if the student has maintained at least 80% cumulative attendance since the beginning of their course which will be an indicator by attendance that the student will be able to graduate within the maximum time frame allowed.

EVALUATIONS

SAP is evaluated monthly by the academic department in which the student is enrolled by the financial aid officer at critical “benchmarks” in a student’s timeline toward graduation. These evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluation ensures that students are progressing and moving toward achievement of their goals. A student determined to be in good SAP will remain in good standing until the next scheduled evaluation.

EVALUATION PERIODS

The Academic Department Evaluation is performed monthly and progress reports will be issued to each student by the 5th of each month, reporting on the previous month’s academic and attendance records. In addition, a progress report is generated for all programs at the point in his or her program when he or she completes the freshman level requirements, (e.g., 250-hour level for Cosmetology or Barbering). Students who meet the minimum satisfactory requirements for attendance and academic performance are making satisfactory academic progress until the next scheduled evaluation. Student will also have their satisfactory progress checked before each disbursement at 450, 900 and 1200. Students who begin their study after the 15th of a month, will be advised during orientation of the importance of exceeding minimum academic standards, how this process works and to prepare them for their first full month’s assessment which will occur the following month.

If a student fails to meet the minimum standards above, he or she will have an academic advisement conference with their instructor, and, if necessary, with the Director of Education. During this conference, a plan for improvement by the next progress report will be created and implemented for the student. During this period while the student is following his or her improvement plan, he or she will be making academic progress.

THE FINANCIAL AID BENCHMARK evaluation will also look at a student’s achievement both qualitatively (a minimum of 80% grade average) and quantitatively (a minimum of 80% attendance of scheduled classes.) The Benchmark periods are determined by a formula mandated by the Department of Education for all students, regardless as to whether he or she is a recipient of federal student aid. The chart below illustrates when those benchmark evaluations will occur:

	REVIEW PERIOD	SCHEDULED CLOCK HOURS	MINIMUM ATTENDED HOURS REQUIRED	MINIMUM CUMUL. GRADE AVERAGE REQUIRED	PROGRAM
1500 CLOCK HOUR PROGRAMS	1	450	360	80	COSMETOLOGY AND BARBERING
	2	900	720	80	
	3	1200	960	80	
	4	1500	1200	80	

**For Transfer Students: The financial aid evaluation will occur at the midpoint of the contracted hours or the benchmark periods above, whichever comes first.*

A student who is on an approved Leave of Absence will have his or her expected graduation date recalculated to allow for the number of days of the Leave, so as not to penalize him or her for going beyond the original scheduled graduation date.

MAXIMUM TIME FRAME

The maximum time (which does not exceed **125%** of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

TIME CLOCK HOURS IN PROGRAM	TOTAL CLOCK HOURS PER WEEK	TOTAL WEEKS OF INSTRUCTION	TOTAL MONTHS TO COMPLETE PROGRAM	MAXIMUM ALLOWABLE WEEKS TO COMPLETE (125% OF CONTRACT TIME)
1500	30	50	12	60
1500	20	75	18	90

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 80% of the scheduled hours.

WARNING

A student determined to be not meeting the minimum SAP requirements at the financial aid benchmark points, will be placed on a warning. A student placed on warning who is a recipient of Title IV Financial Aid may continue receiving the funding. A written plan for improvement will be established by the financial aid office, if one has not already been established by the student’s instructor. If the student follows the plan and corrects this situation in the following period by achieving the minimum grade and attendance averages, then the student will be determined to have re-established minimum standards of progress.

PROBATION

If at the end of the warning period the student has still not met both the attendance and academic requirements, he or she may be placed on probation after an appeal process. A student may appeal the determination that would place them on probation. If a student prevails in that appeal, then the student may be placed on probation until the next benchmark. Students on probation who appeal the decision, and who prevail upon appeal will be making satisfactory academic progress. NOTE: Only students who can meet the SAP policy standards by the next benchmark may be placed on probation. Students who have been placed on a plan to improve must be able to meet requirements set forth in the plan by the end of the next benchmark evaluation period. Students who are progressing per their specific plan will be making SAP. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic

plan, he or she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds and will be suspended from school.

Grade averages of less than 80% are considered as failing grades and must be retaken until a passing grade is achieved. During the progress evaluation, a failing grade counts toward the completion date of the program although that failing grade must be remedied by retaking the course or assessment until a passing grade is achieved.

Transfer clock hours accepted by Pro Way Hair School are counted toward completion of the program for purposes of determining compliance with maximum allowable time for completion.

GETTING BACK TO MAKING SATISFACTORY ACADEMIC PROGRESS

A student who has been placed on probation may re-establish SAP (and their Title IV financial aid, as applicable), by meeting minimum attendance and academic requirements by the end of the probationary period.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days after such determination. This appeal must be in writing to the Campus Director, with documentation, explaining any extenuating circumstances that may have influenced his or her academic progress for that period (such as transferring from one program to another, death of a family member, and illness or injury of the student, etc.). If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable. This appeal will be fully documented in the student's file, along with the student's statement of how the situation has been remedied that caused the failing evaluation. The resulting acceptance of this appeal will include a plan to monitor academic work and attendance to assure the student stays within the minimum SAP requirements. Students who withdraw or are dropped from the program will be re-entering with the same progress status as when they left.

NON-CREDIT REMEDIAL COURSES

Pro Way Hair School does not offer non-credit remedial courses. Course incompletes and repetitions are not considered by Pro Way Hair School because the policy requires courses must be re-taken until a passing grade is achieved.

TRANSFER HOURS

About SAP, a student's transfer hours will be counted as both attempted and earned hours for determining when the allowable maximum time frame has been exhausted.

INTERRUPTIONS, COURSE INCOMPLETES AND WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status prior to the Leave of Absence. Hours elapsed during a Leave of Absence will extend the student's contract period and maximum time frame by the same number of days taken in the Leave of Absence.

VETERANS ADMISSION POLICY

By authority of Title 38, United States Code 3676 C(14), the State Approving Agency may set any additional, reasonable criteria for approval of programs for veterans and other persons eligible for VA education benefits (wherever the word “veteran” is used, it is intended to include all persons receiving VA education benefits). The following Attendance Policy has been established to set minimum standards of attendance for students enrolled in non-college degree (NCD) program and receiving VA education benefits, and

- ❖ Is considered reasonable additional criteria
- ❖ Will become a part of 3676 approvals (if institution’s existing attendance policy is more restrictive, then that policy will be used.)
- ❖ Will be listed as an addendum to the institution’s catalog, bulletin or handbook.

Veterans enrolled in NCD programs will be interrupted for unsatisfactory attendance when accumulated absences, tardiness, and class cuts exceed twenty (20) percent of class contact hours (if the institution’s existing policy is more restrictive, then that policy will be used). The interruption will be reported to the Department of Veterans Affairs (VA) within 30 days of the veteran’s last date of attendance (use VAF 22-1999b).

A veteran may be re-enrolled for benefits at the beginning of the term following interruption because of unsatisfactory attendance only when the cause of unsatisfactory attendance has been removed. Once re-enrolled, a veteran will be interrupted for unsatisfactory attendance when accumulated absences, tardiness, and class cuts exceed twenty (20) percent of the remaining contact hours (if the institution’s existing policy is more restrictive, then that policy will be used). The interruption will be reported to the Department of Veterans Affairs (VA) within 30 days of the veteran’s last date of attendance (use VA Form 22-1999b).

Veterans interrupted a second time for unsatisfactory attendance shall not be allowed to re-enroll for VA education benefits in the absence of mitigating circumstances.

Mitigating circumstances are issues which directly hinder a veteran’s pursuit of a course/program of study, and which are judged to be beyond the student’s control. General categories of mitigating circumstances include but are not limited to:

- Serious illness of the veteran.
- Serious illness or death in the veteran’s immediate family.
- Emergency financial obligations or change of place of employment or work schedule which preclude pursuit of the program course.
- Active duty military service, including active duty for training.

Institution having a published “Leave of Absence Policy” should discontinue VA educational benefits (use VAF 22-1999b) while that student is on “official leave of absence.”
